

# RapidRemote Proctoring Service

*Reliable Drug Screening - Anywhere!*

Improve accuracy, speed, and efficiency. Our innovative proctoring service offers a seamless drug screening solution for staffing agencies and employers by enabling remote scheduling, monitoring, and documentation of candidate drug tests. No more wait times, no more delays. Streamline your workflow without barriers and inconveniences.

# Bringing accessible rapid testing to your candidates no matter where they are.

1. You place proctoring order for candidate.

2. Lochness ships Saliva Drug Test Cup to candidate.

3. Candidate confirms receipt via email link.

4. Candidate and proctor schedule meeting.

5. Candidate opens video link on test date.

6. Candidate uploads test image.

7. Proctor collects touchless signature.

8. Candidate runs and submit test result image.

9. Proctor reviews and approves results.

## Efficient

- Accelerated Workflow: From sample collection to results reporting both the recruiter the entire appointment in minutes.
- Enhanced Candidate Experience: Test candidates from the comfort of their home.
- Non-Invasive Sample Collection: Proctors can easily monitor saliva sample collection during the call to ensure validity.

## Automated

- Innovative AI technology captures and record results directly from the Saliva Cup.
- Automated interpretation reduces human errors and subjectivity.

## Streamlined

- Intuitive user experience
- Securely review and confirm results
- Integrates seamlessly with users' Internal Data Management Systems (ATS/EMR)

Page 1 of 2

The web-based proctoring service is designed using AI technology to capture drug screen results from a picture, record the results and generate a Chain of Custody form.

## Rapid Response™ Saliva Cup

The Rapid Response™ Saliva Test Cup is a rapid, non-invasive, drug screening solution that can simultaneously detect multiple drugs in saliva samples.

Specimen: Saliva Sample

- Results in just 10 minutes.
- Available in a wide range of drug parameter combinations.
- Easy to monitor collection to prevent adulteration.
